FIRE FORCE AT GALIANO

Formation of a properly equipped fire fighting organization on Galiano was discussed at a special meeting of Galiano Club on Wednesday evening, May 2.

A large number of residents attended the meeting and enthusiasm ran high. After all features of the proposed fire force had been examined, further discussion was postponed until full information had been obtained.

Another meeting will be held in three weeks' time, when final arrangements will be made.

At the forthcoming meeting the official Declaration of Trust with reference to the Bluff Park property will be dealt with. It was unanimously approved last week but also tabled for further discussion.

Many Galiano residents have become more alert to the dangers of inadequate fire protection since the disastrous blaze which burned down the Galiano Lodge several weeks ago.

SUNSHINE WAS APRIL RECORD

The month of April was characterized by warm, dry and exceptionally sunny weather, reports the meteorological office of the Dominion Experimental Station at Saanichton.

The mean temperature for the month, 49.8 degrees, was 2.3 degrees above the average for 38 years.

The maximum temperature was 67 degrees and the minimum 36 degrees. The lowest on the grass was 27 degrees.

The rainfall, 0.47 inches, was the lowest since 1935, when 0.38 inches was recorded. The driest April was in 1918, when the rainfall amounted to only 0.21 inches.

The month will be remembered for its bright sunshine, no less than 299.1 hours, or a daily average of almost 10 hours was recorded, thus breaking the previous record of 1934 by 38 hours.

The least number of hours of sunshine was registered in 1917 at 90 hours. The average sunshine for April is 190.9 hours.

CHORAL GROUP RETAINS CUP

Two North Saanich groups gained awards during the first day of the Victoria Musical Festival which opened at the First United Church in Victoria on Monday evening.

In the Choral Societies Class, North Saanich Musical Society was awarded the Parfitt Cup. This meant that they could hold the trophy for another year. The same society won that award in the 1950 festival. The society was commended for its selection of a piece so appropriate to the choir's abilities.

Team from Mount Newton high school, competing in the folk dancing class, graded seven to nine, gained second place.

The festival, which will continue in Victoria until Friday evening, was opened by Mayor Percy George of Victoria on Monday evening. Adjudicators were Glyndwr Jones and Miss Helen Grier, of Victoria, and Theodore Normann, of Washington.

New Commissioner Is Brother of Skipper

New head of the R.C.M.P. is Commissioner L. H. Nicholson. The 46-year-old commissioner is a native of New Brunswick. His brother, Warrant Officer V. H. Nicholson, R.C.A.F., is a boat skipper stationed with No. 122 Marine Squadron, at Patricia Bay.

Communications Nerve Centre

Busy nerve centre of Ganges telephone system is the exchange depicted above. In charge of operations is Miss Effie Turner, pictured at her desk in the left hand photograph. Miss Turner has been appointed to Ganges to take the reins from Miss F. M. Aitkens, who retired recently from the position of local representative and chief operator. Miss Turner was formerly at Invermere, where she held a similar position. On the right are operators Mrs. Dorothy Fanning and Miss Elsy M. Price, seated at the busy Ganges switchboard.

Film Actor Impressed With Beauty of North Saanich

INTERNATIONALLY-KNOWN Charles Laughton, Hollywood screen star, visited North Saanich last week and fell in love with this district.

"In all my travels I've never seen anything so beautiful as this lovely marine area," declared "Captain Bligh" of "Mutiny On the Bounty" fame.

Mr. Laughton, who spent a few days in Victoria last week, came to this district to visit his old friends, Mr. and Mrs. Guy Pearce, of Curteis Point, Sidney.

Looking out at the scene from the Pearce residence, the actor found no words to describe its beauty.

"I'd love to settle here right beside you," he told Mr. Pearce.

No Atomic Bomb in Russia Yet, Dr. Pearce Tells Vets.

Veterans of the wars of the pre-atomic days, including some who had fought on the veldt of South Africa and other wars of the Empire that was then—most of them had served in the First World War—gathered in the Masonic Hall at Saanichton on Saturday night.

About 150 gunners, sappers, troopers, sailors, foot-sloggers of the P.B.I.—any infantryman will spell out those initials with emphasis—and other one-time soldiers, now resident on the Saanich Peninsula, were assembled for another of their notable annual reunion dinners, and the "old sweat" made the occasion an enjoyable one.

Major W. Garrard, of Tod Inlet, occupied the chair and after the silent toast had been given and Piper Charles R. Wilson played the lament, Major D. L. McKenna, of Cudbore Bay, introduced the eminent scientist, Dr. J. A. Pearce, of the Saanich Astrophysical Observatory, who gave a most interesting and highly illuminative address dealing with the history of the development of the atomic bomb and its features.

He traced the phases of scientific achievement from the earlier stages following the discoveries of Lord Kelvin and other British scientists who provided a foundation upon which other scientists of Britain, Canada, and latterly of the United States, built up the destructive atomic bomb. In all, he said, some \$2,000 million had been spent in varied developments, many of them extensive, to provide the bomb dropped on Hiroshima.

Because of the discoveries of scientists, man had added four new elements to those provided by the Great Architect, U-235, from which the bomb was made, was one of these, Dr. Pearce told of the many

SEVEN GIRLS IN RACE FOR JUBILEE QUEEN TITLE

—Festivities Are Planned

The pulse of North Saanich is beginning to quicken as the Diamond Jubilee celebration on June 26 and 27 draws near.

Interest in the gala event rose this week with the announcement of the names of seven candidates who will compete in the queen contest which will culminate with the Diamond Jubilee festivities. All students at North Saanich high school, the girls are:

Donna Butcher
Donna Gilbert
Marie Gilbert
Patricia Gray
Shirley Smith
Linda Taylor
Lois Wilson.

The girls have already opened their campaigns for the sale of tickets in the forthcoming race to be settled by the crowning of the winner at the Memorial Park on Tuesday evening, June 26. This ceremony will be the culmination of the celebrations taking part on the first of the two-day show. The following afternoon the Queen will take her place in the parade, which will be featured as a part of the Wednesday's program.

Miss Vancouver Island

Lonely Sidney bachelors will not be restricted to the one vision of feminine beauty. A second feature of the program, already under way, is the beauty contest, the winner of which will be awarded the title, "Miss Vancouver Island". Sidney Rotary Club has communicated with Rotary Clubs and Chambers of Commerce in more than 30 centres on Vancouver Island. All groups on the island and the Gulf Islands have been invited to hold a beauty contest within the community and to send the winner to compete in

SWIMMING LESSONS ARE PLANNED

A most progressive step for this community was discussed by the North Saanich P.T.A. at Monday night's meeting when plans were studied for inaugurating a program of swimming lessons for school children. The lessons would be given in the Victoria Y.M.C.A. and it was reported that seven lessons would be sufficient to teach the average youngster to swim.

A committee will make a further study of the proposed swimming program.

The pageant for Sidney's Diamond Jubilee celebrations was discussed as well.

It was agreed to complete one tennis court by this week-end and volunteer help would be appreciated on Saturday.

The white rats from Sidney school were on display.

Miss Harrison and Mr. Fry presented a short program.

THREE GIRLS VIE FOR TITLE AT FULFORD

Three attractive young students from Ganges school will compete for the title of May Queen for the Fulford May 24 celebrations. The students were chosen last week and the competition between them is already in full swing.

The three girls are Josette Brown, Gloria Bishop and Penny Treford.

Preparations are already well in hand for the gala day that is May 24 in Fulford. As in previous years the occasion will be one of sport and entertainment for Fulford. Visitors are expected from all parts of the Gulf Islands and the Saanich Peninsula to help the Salt Spring Islanders to celebrate the holiday.

On Saturday morning last the Women's Auxiliary of the Canadian Legion, Saanich Peninsula Branch No. 37, held a home cooking sale. Space was donated by Stan's Grocery, Beacon Avenue, Sidney.

Among those taking part in this successful affair were Mesdames J. C. Allen, E. Bath, M. Smith, J. James, R. Morris and A. R. D. Campbell. Mrs. Campbell's champion fruit cake was won by A. Powell of Queens Avenue. Proceeds of \$40 were realized.

SAANICH CHAMBER UNABLE TO FIND PROPRIETORS OF PUBLIC PARK

The last meeting of the Saanich Chamber of Commerce for the spring season was held in the Women's Institute Hall, Brentwood, on Monday evening, with Percy E. Thorp, president, in the chair.

The chairman stated that the banquet held recently to celebrate the 25th anniversary of the chamber was really an unqualified success but financially it was not quite up to previous years.

A letter was read from Reeve Sydney Dickson apologizing for his absence from the banquet but that he had entirely overlooked it. The chairman brought up the matter of the much-needed comfort station at the foot of Verdier Avenue, Edward Logan, who had been added to the committee which has had this matter in charge, read an estimate of cost but stated that the committee had, to date, been quite unable to ascertain who was responsible for the public park at the ferry land-

Pioneer of Early Saanich Recalls Sailing Around Cape

Early days of the pioneer churches of North Saanich were recalled on Wednesday evening of last week, when Capt. W. Gregory addressed Sidney Rotary Club.

Capt. Gregory's father, the late Rev. W. H. Gregory, was the first rector of Holy Trinity Church at Patricia Bay. The retired sea captain lived at Patricia Bay until 1889, when he left for England with his parents. He was then eight years of age.

The pioneer sailor recalled many of the recreations which occupied his boyhood days. The outstanding feature of life in North Saanich that appealed to him was the sociability and friendliness of the people, he told the Rotarians. It was the memory of this aspect of life here that prompted him to retire in British Columbia, he added.

First Telephone

The installation of the first telephone was source of boyhood wonderment to him. In the light of later developments in the world of communications those memories are amusing, he remarked.

When Capt. Gregory was a boy, wild birds were vastly more common and varied than they are today. The skipper recalled that he and his companions spent many an hour seeking birds' eggs.

Between the time of the captain's leaving Sidney and his return to retire in Victoria, he was educated in Britain and later became a merchant skipper. His education was at the Christ Church Hospital School.

This is a "blue coat" school and it will celebrate its 400th birthday in 1952. Among his contemporaries at that school and in the ranks of other graduates of the famous educational institution have been many world-famed figures, the Rotarians learned.

Among these were Captain Vancouver, who gave his name to this island, and William Wells, who accompanied Vancouver. He was a noted navigator and scientist. In later years Wells sailed with Capt. Cook, another famous explorer of the unknown seas.

Four Wars

In 1898, the year of his graduation, Capt. Gregory went to sea. He was then 16 years of age. His first voyage was before the mast, sailing in the wool trade to Australia. He has seen and taken an active part in four wars. During his early sailing days Capt. Gregory saw the end of the South African War. Later, for 17 months, he was in the upheaval of the Russo-Japanese War. He was under steam when the First World War shook the world and during the second world conflict he was on land.

Outstanding of the reminiscences of the old sea captain were those of the days that are passed. When sailors measured their accomplishments by the number of times they had sailed round the Cape of Good Hope and Cape Horn, names that once struck a chill into the hearts of landmen. Capt. Gregory sailed twice round the former and three times round the latter.

Besides a membership in the North and South Saanich Pioneer Society, the master mariner is president of the Thermopylae Club in Victoria.

BRENTWOOD BOY WINS ACCLAIM IN ALL-INDIAN BOXING AND DRAMA

Philip Paul, West Saanich Indian Reserve, brought athletic honors to Brentwood last week-end, when he won two trophies in the first all-Indian boxing tournament in the province, at Vancouver.

Competing in the first annual Buckskin Gloves tournament in the mainland city the 17-year-old nephew of Chief Thunderbird displayed to a vast crowd the style that made his uncle famous in boxing circles some years ago. The West Saanich boy brought home the trophy for the best bout of the tournament and the tamest loser. He was also runner-up in the 135 pound class, in which he was fighting.

The best bout of the tournament was that between the West Saanich boxer and Peter Thomas, of North Vancouver. It was featured on Saturday evening. The best bout of Friday evening was adjudged that between the same contestants, when Philip Paul won by a decision. He lost the later fight. His opponent, Thomas, was the runner-up for the title "Buckskin Boy" and gained the

Among recent sales of property in Brentwood, are the property and stock of the Brentwood Bay store, on the West Saanich Road, from S. Sivertson to Mr. and Mrs. A. G. Vickery, recent arrivals from Saskatoon; the residence of Rev. Norman A. Lowe, on Clark Road, to Mr. and Mrs. Isaac Nelson, of Victoria. Mr. Lowe has subsequently bought the home of P. A. Benn, Sr., at the corner of Marchant Road and Wallace Drive.

New Pathologist At Saanichton

G. A. Satterfield, a recent graduate from the University of British Columbia, has taken up his duties at the Dominion Pathological Laboratory at Saanichton. Mr. Satterfield is assisting Dr. L. C. Coleman in his investigations under the auspices of the Cancer Research Institute.

A native of Vancouver, Mr. Satterfield intends to make his home in Sidney after his forthcoming marriage to Miss L. Charter, of Duncan.

SAANICHTON SCHOOL NOTES

Our Grade Fours are practising first aid and language games for the P.T.A. meeting next Monday. —Alleen Collins.

Jack Turner picked up paper from the baseball field and was chosen star pupil for being thoughtful. —Toni Prosky.

On May 22 our school is putting on an Empire and Citizenship Day program. We are now practising for it—the girls are doing a skipping dance and a "Swiss Walking Dance." Both boys and girls are dancing the "Sellers' Round," an English folk dance. —Jean Facey.

Our Grade Five and Six boys are passing their fire patrol tests which we received from our chief warden, Mr. Myring, in Vancouver. We are also hoping to compete for a prize in the Forest Conservation Week competition. —Jack Turner.

On Friday afternoon, our boys of Division 1 played softball against Prospect Lake. The score was 12 to 11 in favor of Prospect Lake. Bruce Greenway made a triple play. Charlie Johnson and David Johnston made home runs. We enjoyed the game very much. — Charlie Johnson.

We received two mitts, two gloves and a mask for softball, from our P.T.A.—David Greenway.

At the Junior Red Cross meeting last Friday, Jack Turner, our president, told us about Henri Dunant, founder of the Red Cross.—John Howe.

We are getting ready for our sports day, June 1, at Saanichton Agricultural Hall.—David Johnston.

The Grade Four pupils are starting a new unit in social studies about France. They are making guide books.—Diana Johnson.

Grade Three finished up an enjoyable social studies unit on transportation. Alex Martin and Bob Allen made an airplane hangar. Grades One and Two are planning to study the farm unit.

Alex Thomson brought the record "Treasure Island" to school. We all enjoyed it. Thank you very much, Alex.

For the Junior Red Cross meeting, the primary room contributed a radio program. Leslie Collins and Paul Howe made the microphone. Those taking part in the program were: Patricia Holbrook singing "Quick Silver"; Janet Rosman and Veronica Wright sang "I have a Little Pony"; Kenny Prosky, Michael Townsend, Gary Crawford and Alex Thomson sang "Little Bo Peep"; Elaine Edgell and Veronica Wright did an old-fashioned dance. Alex Thomson told a joke. Paul Howe was the announcer.

Allan Bompas, son of Mr. and Mrs. Russell Bompas, Mount Newton Cross Road, entertained at a picnic birthday party, Saturday, the occasion being his seventh birthday. The youngsters enjoyed a jolly ride to John Dean Park, where, under the guidance of Harry Bompas, park attendant, a hike to the west point look-out was organized. Roasted wieners highlighted the picnic lunch, and games brought the afternoon to a close. Guests were: Gordon Heal, Lloyd and David Wood, Gary Crawford, Larry Nancarrow, Kenneth and Bobby Prosky, Kenny Lawley, Patricia Bompas and Bradley Bompas and Martin Bellin.

Arrangements for the Central Saanich Volunteer Firemen's Dance on May 23 are well under way. John Looy, president of the entertainment committee, will be assisted by Art Sanders, Adrian Butler and Tom Michell. A large crowd is expected in the Agricultural Hall.

Six tables of cribbage was in progress Wednesday evening in the Pioneer Log Cabin, with Mrs. A. La-coursiere and J. Reiswig taking the honors for the evening.

Members of the younger set met at the home of Miss Jean Johnson, Friday night, to enjoy a party. Dancing and games were enjoyed, after which a buffet lunch was served by the hostess. Invited guests were: Lois Wilson, Jackie MacCon-nachie, Mary Watson, Maureen Connor and Jill Turner, Robert and Neil Barraclough, Bill Fleming, Roland

VALUE OF EDUCATION IS STRESSED

Flying Officer Coates of the R.C. A.F. addressed students of North Saanich high school this week regarding careers in the air force. He stressed the necessity of attaining a high educational qualification before applying for admission to the service.

An excellent film depicting the flying ability of some of Britain's latest jet planes was shown as a prelude to the address.

PARKING PROBLEMS

THERE are some irate citizens in the North Saanich area at present and, on the surface of it, they're just cause for complaint. There may be some justification of a projected new move in this district, but if there is the public should be informed of it without delay.

We refer to the proposal of the federal department of transport to charge motorists for parking their cars at Patricia Bay airport.

So far as The Review is aware, motorists are not charged for parking their cars at the larger airports of Canada and the United States while they hop aboard an airliner and fly away on business or pleasure. Why, then, should Patricia Bay airport be singled out for special attention in this regard?

Today courteous commissioners are denying motorists the privilege of parking in the vicinity of the T.C.A. hangar. These gentlemen are just doing their duty and we're not critical of them at all. But what is behind the sudden move to force frail ladies to carry heavy luggage a considerable distance to the hangar? This happened only this week to the certain knowledge of The Review.

Some citizens of this area are under the impression that the situation emanates from a disagreement between T.C.A. and the department of transport—with the public being treated as the "goats." When it is realized that T.C.A. is owned by the people of Canada and the department of transport is purely and simply the people of Canada as well, such a situation is mystifying.

So far as we're aware, every facility should be provided at the airport for free parking. The flying club should be encouraged in this way, especially as it is assisted materially by the hard cash of the Canadian citizen. Traffic at the airport should be encouraged in every way possible, not discouraged. A levy for parking definitely tends to take people away from the airport and North Saanich.

There may be some very logical reason why a charge for parking is to be put into effect at Patricia Bay airport. But the public should be taken into the confidence of the department of transport in this connection. When the reason is kept as a closely guarded secret, the public cannot be blamed for being critical of it. In this case, the department affected has done a very poor public relations job to say the least.

DEBATE OR ABUSE?

RATEPAYERS of Central Saanich are not wholly pleased with the publicity that has been given to problems facing the council recently.

The man whose feet are soiled does not remove his socks on the public street. He prefers to convey the impression of cleanliness and display the refutation in private. Residents of the new municipality are feeling much the same way. It would be humanly impossible for any group of five citizens to agree fully on every point of issue between them. Nevertheless it benefits none that the discussions should be interspersed with personal abuse and spread throughout the surrounding territory.

It is approaching six months since Central Saanich seceded from the Saanich Municipality and became a unit on its own. There remain numerous tasks to be undertaken before the new district is on its feet and operating smoothly in every respect. It is not unreasonable, however, to hope that the members of the council, all of whom were placed in that responsible position by their fellow ratepayers, should in this length of time have learned to understand and respect the views held by their fellows.

Not only does abusive wrangling among members of the council restrict opportunity to pursue the business to which the council was appointed but it brings nothing but amusement and contempt from residents in other parts of the island. It is sufficient that council members should hold divergent opinions. That is not only their right, but their duty. When these differences reach the ineradicable stage of appearing in print it is time that not only should the parties involved view the problems in a completely impersonal light, but that their fellows on the council and in the municipality should endeavor to prevent a repetition of recent unfortunate vituperation.

The degree of solemnity that attaches itself to the responsibility of local government will benefit from the introduction of a certain element of humour. There is no benefit gained when the humour resolves itself into derisive laughter.

The Review hopes that these unfortunate exchanges will teach the council that all differences should be settled within the council chamber. Arguments are a regrettable development of debate. Personal abuse is neither argument nor debate and represents only a bar to constructive legislation.

ANSWERS MR. AMOS

Editor, Review.

Sir:

As a subscriber to your paper, I see where a Mr. Tom Amos is expressing himself under the heading of "Road Allowances" using myself as the personal target.

With your permission I would like to reply giving the true facts, not half statements confusing the reader.

Great emphasis is given to a locked gate and a delegation with General Peakes regarding the fence at Inland View Beach. I distinctly remember that day being before the property owners donated the right-of-way, thus allowing the owner every right to lock a gate on his own property.

Further it was stated that a portion of the fence had to be removed due to the locked gate and that Mr. Amos was warned by the owner that he would be prosecuted if he removed the fence again.

The correct statement is that Mr. Amos was warned he would be prosecuted by the owner if he would not replace the fence after passing

through, thus allowing stock to escape. This also was before the roadway was constructed.

Now that this 60-foot right-of-way has been donated to the municipality to provide access to Mr. Allison's farm (now Montford), in 1948, by the three land owners whom Mr. Amos calls "selfish," these old cross fences and gates are of no value as they are on the said road.

Yet the good-hearted Mr. Amos expects these "selfish neighbors" to remove the fences after having given the land.

In a letter to the Colonist on May 1, Mr. Amos puts great emphasis on being misquoted by the press and further states all he asks that the powers that be build him a good road to Lamont Road, leaving the continuation of some right of way as it exists today, claiming it unnecessary.

This proves my statement that all Mr. Amos wants is a good road to his gate and the public convenience is a secondary consideration being used to achieve his primary objective.

Furthermore, the previous owner of said portion of the Montford

Reflections From the Past

20 YEARS AGO

In honor of Gordon Prat, well-known Sidney boy, who is leaving this week with his father to make his home in Saskatchewan, a surprise farewell party was held on Friday evening.

J. M. A. LeMarquand, manager at Rest Haven Hospital, left this week to attend a meeting of the Western Union Canada Board in Lacombe, Alta.

Little Marjorie Gibbons, who returned to her home on Saturday from the Royal Jubilee Hospital, is improving satisfactorily. She underwent an operation last week.

Captain and Mrs. Gilmour were greeted by an enthusiastic welcome at Galiano on Saturday. They returned home after a six months' holiday in Australia, visiting their son and other relations.

A good program of sports has been drawn up by the May 24 celebrations at Fulford. In charge of the arrangements are Mrs. R. Maxwell, Mrs. T. Reid, Mrs. Clifford

property erected a sizable picnic shelter, barbecue stove, tables and benches, together with a look-out on the foreshore for the benefit of the public, which was used and greatly appreciated by the public. This structure was automatically turned over to the municipality being within the bounds of the 66-foot right-of-way donated by the previous owner, Mr. Allison.

On finding this structure demolished last fall, I approached Mr. Amos on the matter and his reply was that neither Mr. Montford nor himself wanted the structure there as it was an eyesore and they had to lock their own gate at the right-of-way to keep the public out and were afraid of public damage to their property. This structure was on municipal property and should have remained if Mr. Amos is as "public spirited" as he claims to date.

Since Mr. Amos has chosen to launch a personal attack at me as a councillor of Central Saanich, I wish to reply that I am positively not taking any sides in this controversy but knowing the facts as I do my desire is to give accurate information in an effort to eliminate confusion.

I did say jokingly at the election that I had been told that I was not behind the ears and lacked municipal experience. Since being elected I have gained a wealth of information about not only our municipal affairs but also about people. So why not "live and let live" and end this unnecessary controversy? Thank you.

RAY M. LAMONT.

BRING IN THE HEBREWS

Editor, Review.

Sir:

It is by no means certain that the doctrine of infallibility is so important to the cause of modern Christianity as many people have supposed. A Romanist thinks his church, and the authority exercised by the head of the church, is infallible.

An Anglican accepts his ritual as laid down by a former king of England as an unerring document.

Those who for various reasons disagree with terms specified for them, and known as dissenters, from the very considerable body of those who have in the past claimed for the whole Bible an infallibility.

Now bring in the Hebrews, whose early writers labored to bring glory, healthy living, and vast power to that race, to a joint conference, and it can safely be predicted each group will cancel out the claims for any sort of infallibility except its own.

In all groups there is both service and ideas to strongly commend, and historic documents to preserve. There is also a constant light. One Hebrew said to his son: "With all thy getting, get understanding." Another wrote: "Prove all things, hold fast that which is good." Certainly the English Bible has served a great purpose. Its translation from script that was itself ancient no small task. It served as an only means of working man education down to 1876, when newer subjects such as geography were provided in government supported schools. It led to self-imposed study on the part of men so inclined, and after the manner practiced in monasteries though not on the same level. It caused masses of people to congregate for social enjoyment, singing in particular. It sent a wave of faith, hope and charity over the whole earth. But belief in miraculous raising of dead bodies and other superhuman events has resulted in muddled thinking everywhere. Warfare has been carried on senselessly, with support from high officers of the church, as in Ethiopia. And a purely imaginary future life has been allowed to penetrate to the very soul of millions of otherwise splendid persons. This is the world to know and to make better by every possible appliance.

Orthodoxy in Europe has had its day without a shadow of doubt. Child welfare and education is in vogue and only beginning to register pains over the ignorance and intolerance so long held as chief by teachers, who always meant well, but were often helpless onlookers.

Yours faithfully,
PHILIP HOLLOWAY.

Miss Cecily Bastin, daughter of Rev. and Mrs. J. S. A. Bastin, of Mount Newton, met with an accident on May 4, when playing on the swing at the school. She fell with considerable force onto the concrete beneath the swing sustaining serious injuries. She was rushed to Royal Jubilee Hospital for treatment.

Ted Borradaile, of Victoria, is spending a ten-day holiday with his parents, Mr. and Mrs. George Borradaile, on Ganges Hill.

Big gala day for Sidney is planned for May 25. In charge of the varied program of events are S. Thorne, J. Ramsay, A. G. Smith, Major Wilby, A. Calvert, F. Bowcott, P. Wells, J. T. Jackson, Mrs. George McLean, Miss Gertrude Cochran, Miss Kay Lorenzen, J. C. Anderson, Donald Sparling, J. E. McNeil, S. Roberts, H. J. McIntyre, R. G. Hill, F. Hunt, J. A. Nunn, G. A. Cochran and Mrs. J. Gilman.

25 YEARS AGO

Great alterations are being made in the commercial section of Ganges. The premises of the Salt Spring Island Trading Company are being enlarged and repainted. Mouat Brothers have enlarged the post office, butcher shop and offices and are building a new store room. Mrs. Turner's shop has been repainted and Mr. Ingalls has built a garage at the side of his office. The trees in front of the creamery have all been cut down and the approach has been widened.

Mrs. Naylor celebrated the opening of the new wing to the Grandview Lodge Hotel at Mayne Island by the presentation of a dance on Monday evening.

Sons of Canada trimmed Sidney in the opening game of the lacrosse season on Tuesday evening. The game was one of the cleanest that has been played for some years. The Sidney boys were as follows: J. Crossley, S. Hill, G. Bowcott, H. Nunn, David Clanton, B. Bowcott, David Mogridge, Reid, L. Crossley, A. Gilman and A. Nunn.

Mrs. Redvers Smith and her small son left on the Empress of Australia

last week for Shanghai to join Mr. Smith. Mrs. Smith has been living at the home of her parents, Mr. and Mrs. Henry Brethour, for the past 12 months.

Mrs. C. R. Brackett, of Pender, spent a few days in Vancouver last week. She was accompanied on the return journey by her husband, who has been employed at Alert Bay. He is now engaged at the Bedwell Harbor camp.

Mrs. Frank Crofton, accompanied by her small son, Francis, will leave Ganges on Saturday for Victoria. She will then commence her journey to England, where she will spend several months. Mrs. Crofton sails from Montreal aboard the Letitia on May 28.

Mrs. William Pierce and her two children, who have been visiting her parents, Mr. and Mrs. Richard Roe, at Pender, left for Britannia Beach on Friday, where she is taking up residence.

30 YEARS AGO

The beautiful home of Big. Gen. and Mrs. Gwynne, West Saanich Road, was the scene of the party of the Holy Trinity Sunday school pupils, their parents and friends on Sunday. Among the children taking part in the Mission play were: Nellie Enges, Nellie Bowman, Carrie Williams, Betty Le Gallais, Margaret Connor, May Gibson and Alice Cox.

A fire occurred at the home of J. W. Sluggett, West Saanich, on Tuesday evening. A small colony house, together with 60 young chicks, was destroyed. Neighbors, who observed the blaze, assisted in preventing the flames from spreading to nearby buildings.

At Tuesday evening's meeting of the Sidney Board of Trade a call was made to the department of public works for the inauguration of a ferry service from Patricia Bay to Mill Bay. During the evening a number of new members were enrolled. Included in the list were: R. B. Brethour, J. Mason, B. Waserer, A. O. Wheeler, A. Dickson, C. P. Henstock, J. T. Reading, J. Livingstone, N. LeGallais, Gen. Gwynne, J. W. Fraser, A. Munro, J. Bryce, S. Matson, G. Spearin, R. H. Ellis, C. Ward, J. Roberts, J. Craig, A. L. Wilson, J. Wemyss, W. Whiting, A. L. Fletcher, Dr. F. W. Manning, R. Controlling Prices

(The Farm Scene)

To be able to control the prices of things people need, has been the dream of get-rich-quick schemers ever since trade was first carried on. The favorite device for securing such control has always been to acquire monopolistic control of a commodity and dole it out to the market in such a way as to create the appearance of scarcity, thus frightening people into paying higher prices for it.

The obstacle in the way of all such schemes is the open market. Monopoly and open markets don't go well together. For the open market is a standing invitation to competitors with other sources of supply, to come in and trade. The truth is that wherever prices are so fixed, they become excessive because there is no competitor to force them back to where they should be.

PLAN GILWELL CAMPS

Boy Scout leaders from every province in Canada are now signing up for attendance at the 14 Gilwell Training Camps to be held during the coming summer. In addition selected leaders will attend Cub, Scout and Rover leaders' courses at the Canadian Scouters' Training Centre at Dunrobin, near Ottawa, Ont.

FIRE AT GANGES THREATENS HOME

Prompt action on the part of the Salt Spring Island Volunteer Fire Brigade last week prevented serious damage to life and property at Pen-gelly House, the home of Eric Mun-roe. It is situated at the entrance to Fernwood Farm, the property of D. G. Mackenzie at North Salt Spring. Mr. Munroe is the son of J. B. Munroe, M.B.E., recently of Victo-ria and at present in residence at Fernwood Farm.

For 50 years Canada has main-tained one of the world's largest and best fisheries research insti-tutions, the Fisheries Research Board.

Mr. Larsen, of Burgoyne Valley, is spending a short holiday with relatives in Seattle.

Mr. and Mrs. L. Hanke are in Seattle at the home of Mr. Hanke's mother.

A delightful evening was spent at the old-time dance at Beaver Point, sponsored by the "80" Club, of Ganges. Supplying the music were: Piano, Mrs. Howard; violin, Mr. Ryan; guitar, Mr. Cantrill; accom-paniment, Mr. Haigh. More than 75 people enjoyed the square dancing to the calling of Vic Bettis and Mr. Palmer.

TENDERS FOR COAL (Western Provinces)

SEALED TENDERS addressed to the undersigned and endorsed "Tender for Coal for Western Provinces" will be received until 5 p.m. (E.D.S.T.), Thursday, May 17, 1951, for the supply of coal for the Dominion Buildings and Ex-perimental Farms and Stations, throughout the Provinces of Man-itoba, Saskatchewan, Alberta and British Columbia.

Forms of tender with specifica-tions and conditions attached can be obtained from the Chief of Purchasing and Stores, Depart-ment of Public Works, Ottawa; the District Resident Architect, Winnipeg; Man.; the District Res-ident Architect, Saskatoon; Sask.; the District Resident Architect, Cal-gary, Alta.; and the District Res-ident Architect, Victoria, B.C.

Tenders should be made on the forms supplied by the Department and in accordance with depart-mental specifications and con-ditions attached thereto.

The Department reserves the right to demand from any success-ful tenderer, before awarding the order, a security deposit in the form of a certified cheque on a chartered bank in Canada, made payable to the order of the Hon-ourable the Minister of Public Works, equal to 10 per cent of the amount of the tender, or Bear-er Bonds of the Dominion of Can-ada or of the Canadian National Railway Company and its consti-tutional companies unconditionally guaranteed as to principal and interest by the Dominion of Can-ada, or the aforementioned bonds, and a certified cheque, if required to make up an odd amount.

By order, ROBERT FORTIER, Acting Secretary, Department of Public Works, Ottawa, April 27, 1951.

BILL IS ANOTHER enterprising boy who is learning to appreciate the value of saving for what he wants. Each week, he puts a part of his spare time earnings in the bank. And is he proud of his bank book!

Many a businessman credits his success to the habit of thrift learned early in life. Planned saving has helped millions of Canadians to make the most of their own enterprise and industry.

Experience has shown that the difference between "getting along" and "getting ahead" often starts with a bank account. Use the chartered bank in your neighborhood as a safe and handy place to make your savings grow.

The Wise Gardener
 Notes From Saanich Experimental Station

An important garden operation at this time of year is thinning of young seedlings. Improper thinning, for example, is often the cause of poor results in head lettuce, which plagues many an amateur gardener.

If excess plants are not removed when small, they will compete unnecessarily for space, moisture and plant food with those which are to remain. Unthinned plants tend to become drawn or spindly, with the result that they do not produce as good a crop as sturdy, well grown plants.

The best time to thin is shortly after a good rain or after watering the plants thoroughly. At that time the soil is moist and the excess seedlings can be pulled out easily without breaking off, with no chance of regrowth.

Spacing of seedlings is important and there is often a tendency to crowd some vegetables unduly. Spinach and lettuce are two crops which often suffer in this regard. Depending upon variety, the former should be spaced from 4 to 6 inches and heading varieties of the latter from 8 to 12 inches apart.

Roots are usually 1 inch apart for radish, and 2 to 4 inches for carrot and parsnip. In beets, thinning is often delayed until the beets are ready to use at the bunching stage; with the larger then used, and the smaller left to size up further. Summer and swede turnips should be spaced from 4 to 6 inches apart.

Make sure that the plants are singled, that is one plant only at each position, as it is usually too late to salvage the situation when the doubletons are noticed.

SAFEGUARDING STRAWBERRIES

"Plant certified strawberry plants and avoid introducing the bad root rot disease called red-stele into your soil." This advice is offered by W. R. Foster of the provincial department of agriculture.

Many strawberry plantations become unprofitable primarily on account of the red-stele disease. The non-infected land is by planting chief means of controlling it in certified nursery stock.

If the soil is already infected either from previous planting or drainage water from an infected patch, the certified plants will also become infected.

The most obvious above-ground symptoms of plants affected by red-stele are early spring stunting, or dwarfing, and the wilting and dying of the older leaves.

Diseased plants appear to decrease in size as the spring season advances. Badly affected plants produce little or no fruit and some may die during dry periods.

The above-ground symptoms are the result of the damage done to the roots by a parasitic fungus.

FENCES ERRECTED AT AIR TERMINAL

Fences have been constructed at Patricia Bay Airport to restrict access to the tarmac and field other than by way of the official T.C.A. entrance.

The main road into the airport terminal is closed at the far end of the hangar and passengers and others must now keep to the paths and roadways provided.

T.C.A. Manager J. MacDonald explained to The Review that the control over persons walking on to the tarmac reduces confusion when passengers are boarding or leaving aircraft and minimizes dangers arising from unauthorized persons walking too close to planes which are still moving.

STAN MAGEE TO STAY IN SIDNEY

The Sidney branch of Radio Specialties, Ltd., has been taken over by Stan Magee, who was formerly associated with the company. It will be operated under its former name of M. & M. Radio.

Mr. Magee, who is well-known as the organizer and conductor of the Sidney Junior Band, chose to remain in this community rather than move to Victoria with the firm.

Recipe for Health

A prescription is a recipe for health. It represents a physician's scientific diagnosis and careful decision as to the best method of treating a particular illness. The responsibility imposed upon a physician in diagnosing illness and prescribing treatment is equal to the value given life. Second only to the responsibility of the physician is the responsibility of the pharmacist who compounds and dispenses the prescribed medication. This is a responsibility which we are well prepared to accept. We consider it a privilege to serve.

Local Egg Sales Holding Strong

Poultry market report, as supplied by the Dominion Marketing Service, Vancouver, follows: With buying competition for local receipts reaching an acute stage, paying prices on this market are now on a split basis, many operators offer-

ing at least 2c dozen over the basic 55c quotation. Receipts through registered stations show little change from last week and are little over 50 per cent of requirements. Shipments from several prairie points are arriving fairly freely, at 61 cents delivered. Local sales are reported as holding better than anticipated, despite

high values, while the movement to Vancouver Island, Alaska and northern points is steady. Small shipments of grade "B" stocks are keeping breaking plants going on a limited volume. There is little change in the poultry situation. Fowl and heavy chicken still quite short and broilers in good supply. The latter are making up the bulk of the sales in poultry specialty stores. One lot of turkeys and old roosters were imported for canning purposes. No breeder turkey stocks are arriving. Victoria dealers are paying premiums of 1c to 3c on top grades. Live poultry receipts are up over last week, with arrivals of broilers, fryers and heavy chicken.

There were more cattle, sheep and lambs but fewer horses on Canadian farms last December 1 than a year previously. The number of horses has declined steadily since 1942.

Muriel Millard

This is Muriel Millard, the French-Canadian chanteuse, star of the Rythmes de Paris show on the CBC Trans-Canada network. In addition to her extensive radio experience, chiefly in Quebec, Miss Millard has also sung in television; she is one of the few Canadian singers who have been chosen to sing for American viewers, who saw her introduced as "the atom bomb-shell." Last year the Montreal magazine, Radio Monde, picked her as its 1950 radio queen. Rythmes de Paris, a newcomer to the English audience, has been heard on the CBC's French network for over a year and Miss Millard has been a frequent guest soloist. She has also been starring in a French network show of Latin-American songs. The program is heard regularly on Fridays at 6 p.m.

A Sidney man was honored during the recent convention here of the provincial command of the Army, Navy and Air Force Veterans. Major L. B. Scardfield was elected to the finance committee of the provincial command. He is an active member of the Sidney unit.

Caustic soda, one of the most important of commercial chemicals, is a basic raw material in the manufacture of rayon, soap, "Cellophane" and cellulose film and is used widely in the processing of such products as paper, textiles, gasoline and metals.

THE REVIEW'S MARKET LETTER

(By H. A. Humber, Ltd.)

The New York market closed out the week with a trend to lower prices, which, considering the recent heavy volume and high indices, was to be expected. The Canadian market has not followed the New York trend recently and may be lagging due to lack of American buying. Other factors, of course, as evidenced by Industrial Acceptance Corp., are the result of a close fisted attitude on the part of Canadian banks towards loans. By curtailing borrowing they are forcing the

liquidation of inventories, in some cases at reduced prices. This effort at inflationary control will have its effect.

The highlight of the Vancouver Exchange was the announcement that Calvan Oils was purchased in a block of 1,000,000 shares by New York at \$5 per share. In order that

the buyers could show a profit it was necessary to move the market higher and today it sold in several blocks at \$6.

In 1942 governments in Canada paid out \$427 million in salaries and wages; in 1949 the total was \$878 millions.

Light, fine-textured BUNS

So easy to make with
new fast DRY Yeast!

Here, at last, is fast acting yeast that keeps—stays full-strength without refrigeration till the moment you use it! No more spoiled yeast—no more slow yeast! Get a month's supply of the new Fleischmann's Fast Rising Dry Yeast!

FEATHER BUNS

Combine $\frac{3}{4}$ c. water, 3 tbs. granulated sugar, 1 tsp. salt and $\frac{1}{4}$ c. shortening; heat, stirring constantly, until sugar and salt are dissolved and shortening melted; cool to lukewarm. Meanwhile, measure into a large bowl $\frac{1}{2}$ c. lukewarm water, 1 tsp. granulated sugar; stir until sugar is dissolved. Sprinkle with 1 envelope Fleischmann's Fast Rising Dry Yeast. Let stand 10 minutes, THEN stir well. Add cooled sugar-shortening mixture and stir in 1 well-beaten egg and 1 tsp. lemon juice. Sift together

twice 2 c. once-sifted bread flour and $\frac{1}{4}$ tsp. ground mace. Stir into yeast mixture; beat until smooth. Work in 1 c. once-sifted bread flour to make a very soft dough. Grease top of dough. Cover and set in warm place, free from draught. Let rise until doubled in bulk. Punch down dough and cut out rounded spoonfuls of dough with a tablespoon and drop into greased muffin pans, filling each pan about half-full. Grease tops. Cover and let rise until doubled in bulk. Bake in a hot oven, 425°, about 20 minutes. Yield—20 medium-sized buns.

"SURE...I WAS HERE WHEN IT STARTED!"

You can bet Jimmie was on hand when the first Imperial drilling crew turned up at the farm gate. And he's been an untiring fence post superintendent ever since. But that's not all—in his short lifetime he's lived enough years to see the growth of a new major industry.

Less than five years ago Canada's oil producing industry was far from robust. Our oil fields were dwindling and produced only one barrel in every 10 we used.

Today only eight countries in the world are known to have larger oil reserves than Canada. And production this year is expected to meet about one-third of our needs.

Every barrel of this "home grown" crude lessens our dependence on other countries and brings us a step closer to self-sufficiency in oil. With oil increasingly important to our daily life in peace or war, any improvement in security of supply means new security for Jimmie and for all of us.

Canada's newest major industry gives promise of becoming one of her greatest.

About Canada's Oil—

Last year Canada's oil industry stepped up its production of crude oil to more than a billion gallons, an increase of 39 per cent, above 1949.

Imperial drilled more than 400 wells in 1950 searching for and developing oil fields in Alberta.

Canadians are using almost twice as much oil as they did only five years ago.

Oil now provides for one-quarter of Canada's total energy requirements.

VARIED PROGRAM FEATURED BY MAYNE ISLAND P.T.A. IS ENJOYED

Variety entertainment was staged at Mayne Island Community Club hall recently. In aid of the Parent-Teacher Association the entertainment was produced by Miss Hilda Gibbs.

A varied program was featured by the players, who carried it through in a first class manner.

The costumes were very good and cleverly made by the players themselves. The dancing in all numbers

was excellent and the Eastern Dance was outstanding.

The most amusing number was the Easter Parade, in which a hat shop, "A La Cuisine," was depicted. All hats were made up of kitchen utensils, such as the lime-squeezer type, the flying saucer and others in the same theme.

Great Amusement

The songs by Mr. Vigurs and the shanty songs were popular and Robert Aitkens' short monologue was cleverly devised. MacNamara's Band aroused great amusement.

Completing the program was the Toy Shop. It was kept by an old lady who wound up all the mechanical dolls, depicting the old nursery rhymes, and set them all working in turn. They finally ended up in a dance in unison. The effect was both amusing and attractive.

After the show supper was served and dancing completed the evening. A vote of thanks was given to Miss Gibbs for her excellent production and training, to Mrs. Guy Gilman for providing the music, and to all the cast for their efforts.—M.F.

LARGE GROUP IS CONFIRMED AT SALT SPRING

The rites of confirmation were administered by the Lord Bishop of the Diocese, Right Rev. Harold E. Sexton, D.D., on Sunday, April 29, at St. George's Church, Ganges.

Ven. G. H. Holmes presented the following candidates: Etain Acheson, Anne Butterfield, Belinda Bellhouse, Mrs. W. Eagles, Lucy Gale, Marcus Crofton, Sidney Parsons.

Rev. A. P. Horsfield, vicar of the Gulf Islands, presented Margaret Georgeson, Prevost Island, and Mrs. J. J. Port Washington.

The Bishop gave a fine address on "The Vision and The Task", showing that it was only at rare moments

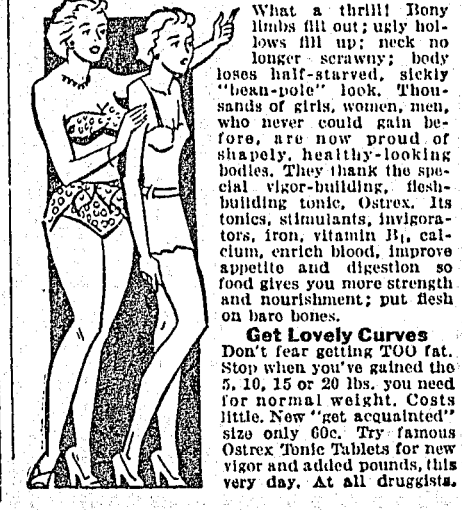

a man could see the whole of life in proper perspective. Rev. C. S. Coldwell acted as the Bishop's chaplain and read the scripture lessons. C. H. Trafford was at the organ.

Missing in Britain
The Bishop later called the attention of the congregation to the window given by Mr. and Mrs. C. H. Trafford, Ganges, in memory of their son, R. H. Trafford, R.A.F., reported missing during the Battle of Britain and which had been dedicated by Archdeacon Holmes last November.

Following lunch at the Rectory, the Bishop, accompanied by Rev. C. S. Coldwell and Archdeacon and Mrs. Holmes, journeyed to Fulford where the consecration of the new portion of the Churchyard of St. Mary's took place. The petition for the consecration was presented by Col. J. J. Bryant, one of the wardens.

NO MEETING
THIS MONTH

There will be no meeting of the Sidney and North Saanich Chamber of Commerce during the month of May. At the meeting of the council of the Chamber last week it was decided that any meeting would be overshadowed by the forthcoming annual convention of the Associated Chambers of Commerce of Vancouver Island, and that any business concerning that convention would be unsettled. The convention is to be staged in Campbell River on June 13 and 14.

Next meeting of the Chamber will take place on Tuesday, June 5, when resolutions to be presented to the convention will be discussed. The meeting will be followed by a recess until Tuesday, September 18. Should any urgent matter arise in the interval a special meeting will be called.

Meet In Sidney

Pythian Sisters, Victory Temple No. 36, held its regular meeting in the K. of P. Hall, on Tuesday, May 8, with 23 members attending. In the absence of Most Excellent Chief Taylor, the Excellent Senior, Mrs. F. Chappuis, presided.

Mrs. R. Stacey, Grand Temple representative, read the report she will submit to Grand Temple when that body meets in convention in Victoria, May 18 and 19.

The tombola, donated by Mrs. May Turner, was won by Mrs. Jean Moore.

The Pythian Sisters agreed to cater for the banquet dance being held June 2 by the Knights of Pythias, proceeds of which are to be used to install a paddling pool in the Sidney playground, Mrs. K. Waters convening.

Mrs. Thomson reported on the progress of the Sidney Day arrangements.

It was decided to apply for a dispensation changing the June 26

and
CUB
NOTES

(By Akela Dalton)

The Sidney A Pack during the past month have held all meetings outside. On April 20 we had a special pack meeting in the form of a "nature ramble" ending with a beach fire and marshmallow roast. We closed our meeting with a sing-song around the camp fire. David Westover has made his promise as a Cub and Freddie Greenwood has been invested as Sixer of the White Six.

On May 5 Baloo took our four Sixers—Goodwin, Connor, Kinghorn and Greenwood—to a Sixer's powwow in Victoria. There were about 130 Cubs present. At the end of the powwow, the Sixers all had "Bones."

On June 9 there will be a giant rally for Scouts and Cubs in Victoria at the annual Scout Fair. Offers for transportation by parents will be needed and welcomed. Please phone your offers to Mrs. C. F. R. Dalton, 58M.

Until next week, "Good Hunting!"—Akela.

meeting to June 19, and to recess for July and August.

A game of bingo was enjoyed following the meeting. Refreshments were served.

BASEBALL
STARTS AGAIN

(Contributed)

Baseball took over again at the North Saanich War Memorial Park this week with the opening game of the newly formed minor league. This league of mighty midgets consists of approximately 50 young boys of the district who have been divided into three teams, namely, the Adanacs, Beavers and Canucks. These lads have been provided with first rate equipment and instruction through the untiring efforts of the Canadian Legion, Branch 37, and the support of the residents of the district.

Don Forster is the harassed manager of the Adanacs, Jim McDonald of TCA is the peerless pilot of the Beavers and Wilkie Gardner is the masterful mentor of the Canucks. These three men have their hands full assisting and guiding their respective teams. Overall supervision and expert instruction is provided.

of course, by Bryan Forster, whose knowledge of baseball is second to none in this area.

The first game of the new league was between Adanacs and Beavers and it left little to be desired in the way of entertainment for the fans who attended. The game got under way at 6 p.m. and the outcome was never certain as both teams put forth their best. The final score was Adanacs 7, Beavers 5.

PLAN TO RESIDE
AT KAMLOOPS

Mr. and Mrs. J. Barton, Fifth Street, have sold their residence to W. J. Miller, Brentwood. Mr. and Mrs. Barton, accompanied by Mrs. Barton's mother, Mrs. A. Somers, will take up residence in Kamloops, B.C.

Next game is at 6 p.m. Thursday, between Adanacs and Canucks.
